○ Teaching assistant

Nazarbayev Intellectual School

05/2018 – 06/2018

Semey, Kazakhstan

Olympic Summer school

Achievements/Tasks

- Gave series of computer science lectures on algorithms and data structures in C++.
- Mentored secondary school students.

SKILLS

C++

React

React Native

HTML

CSS

JavaScript

Git

PERSONAL PROJECTS

Bodybag - Mobile app (08/2018 – Present) 🔗

- Allows users to vote for their favorite battle rappers participating in the VERSUS Fresh Blood tournament. Provides statistics of each rapper: points, total number of battles, wins and losses.
- #1 app in the Music & Audio category during the first week after uploading (Play Market).

Burger Builder - SPA (05/2018 – 06/2018) 🔗

- Allows users to build their own burger using 4 types of ingredients and get the price for it.
- Written in React.

ironsoul.me - Website (09/2018 – Present) 🔗

- Developed a personal website and blog in React using React Router.

ACHIEVEMENTS

Olympiad among Nazarbayev Intellectual Schools in CS (01/2018)

Absolute Winner (~20 participants)

International Zhautykov Olympiad in CS (01/2018)

Bronze Medal (~130 participants)

Kazakhstan Republic Olympiad in CS (03/2018)

Silver Medal (~40 participants)

International Eurasian Olympiad in CS (12/2017)

Silver Medal (~40 teams)

Olympiad among Nazarbayev Intellectual Schools in CS (01/2017)

Absolute Winner (~15 participants)

Programming competitions - Codeforces 🔗

Max. rating - 1798. ~650 problems solved.

Problem solving - ACMP Online Judge 🔗

~380 algorithmic problems solved.
